

Engineered with NVIDIA  
from the silicon up

Accelerated by NVIDIA RTX Spark™

15-inch mini-LED  
PixelSense™ Ultra touchscreen  
display

Up to 2000 nits of peak HDR brightness

1 petaflop of  
AI compute

Source: NVIDIA. Based on 1 Theoretical FP4 TOPS using the sparsity feature.

Microsoft Surface

SURFACE LAPTOP ULTRA

Surface Laptop Ultra is a pre-release product and features are subject to change and may vary by country/region. Product and features subject to regulatory certification/approval, actual sale and delivery is contingent on compliance with applicable requirements.

No walls. No compromises.

Up to 128GB unified memory and full CUDA support

All that power,  
less than 4.5 lbs

The ports makers need

Uncompromising craft  
meets raw power

Platinum or Nightfall

Based on internal testing of prerelease units. Battery life varies significantly based on usage, settings and other factors.

Windows powered  
local AI

Designed for  
sustained high  
performance

Large haptic  
touchpad

# Surface Laptop Ultra for Business

15-inch (NVIDIA)

Co-engineered with NVIDIA.  
Built around NVIDIA RTX Spark™

Access to the CUDA™ ecosystem — one of the industry's most widely used platforms for accelerated computing — alongside the full Windows AI stack to develop and run demanding AI applications.<sup>8</sup>

**The ports makers need** includes USB-C®, USB-A, HDMI, headphone jack, and an SD card reader

## Power for professional workloads

- Up to 1 petaflop of AI performance<sup>5</sup>
- Run AI agents up to 120 billion parameters – locally<sup>6</sup>
- Up to 128 GB of unified memory the GPU draws from<sup>1</sup>
- Up to 6144-core GPU and 20-core CPU
- Up to 2.5x more thermal power capacity than Surface Laptop (8th Edition)

## Sharpest and brightest display for pixel precision

- 15-inch PixelSense™ Ultra touchscreen<sup>2</sup>
- The brightest, sharpest, most vivid display on a Surface Laptop
- Up to 2,000 nits peak HDR brightness<sup>10</sup>
- High pixel density (262 PPI) keeps text, UI elements, and visual assets sharp

## Crafted for makers by makers

- Less than 18mm thin and weighs under 4.5 lbs
- 30% larger touchpad with advanced haptics<sup>7</sup>
- User-removeable SSD to upgrade, replace, or secure your storage<sup>4</sup>
- Drive up to three 4k external displays natively<sup>9</sup>

## Secure and manageable for critical work

- A memory-safe security architecture combines a Rust-based firmware foundation, Secure Embedded Controller, discrete TPM, and Microsoft Pluton to help protect device integrity from boot through runtime
- Local AI processing gives more control over how and where sensitive data is processed

<sup>1</sup>Memory varies by configuration. 128GB total system memory in a unified memory architecture dynamically shared between CPU and GPU. Maximum amount addressable by the GPU depends on system configuration and workload and is less than the total. <sup>2</sup>Optimized for touch interaction only. Pen input and compatibility with Surface Pen, Surface Slim Pen, or similar accessories is not supported. Retention is only available on Microsoft Surface devices in which the Drive is marketed as removable in the technical specifications. Devices returned without a drive may incur a replacement fee unless covered by a Drive Retention benefit (sold separately). Available plans and options may vary by device and region. See [Surface Warranty, Protection Plans & Support – Microsoft Surface for Business](#) for details. <sup>3</sup>The NVIDIA RTX Spark™ delivers up to 1 petaflop of peak AI compute (FP4) on select configurations; actual performance varies by model, app, and settings. source [Slim Laptops & Small Desktops | NVIDIA RTX Spark](#) <sup>4</sup>Based on 1 Theoretical FP4 TOPS using the sparsity feature See: [NVIDIA Corporation – NVIDIA and Microsoft Reinvent Windows PCs for the Age of Personal AI](#) <sup>5</sup>Compared to Surface Laptop 8th Edition. <sup>6</sup>CUDA™ is a registered trademark by NVIDIA. <sup>7</sup>External monitor support requires compatible displays, cables, and accessories. See [Surface tested peripherals page](#) for compatibility information. <sup>8</sup>External monitor support requires compatible displays, cables, and accessories. See [Surface tested peripherals page](#) for compatibility information. <sup>10</sup>HDR requires HDR content and enabling HDR in device settings.

<sup>1</sup>System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000 GB. [Surface.com/Storage](#) more details. <sup>2</sup>Drive Retention is only available on Microsoft Surface devices in which the Drive is marketed as removable in the technical specifications. Devices returned without a drive may incur a replacement fee unless covered by a Drive Retention benefit (sold separately). Available plans and options may vary by device and region. See [Surface Warranty, Protection Plans & Support - Microsoft Surface for Business](#) for details.<sup>6</sup>Surface display has rounded corners within a standard rectangle. When measured as a standard rectangular shape the screen is 15" diagonally (actual viewable area is less). <sup>8</sup>Optimized for touch interaction only. Pen input and compatibility with Surface Pen, Surface Slim Pen, or similar accessories is not supported. <sup>9</sup>Requires Dolby Vision® encoded content and video. <sup>11</sup>The Surface Laptop Ultra display has been designed to minimize unwanted reflections and has been certified by TÜV SÜD to meet the requirements of ISO 9241-307. <sup>13</sup>HDR requires HDR content and enabling HDR in device settings. <sup>14</sup>Might vary depending on manufacturing processes. <sup>20</sup>Requires Dolby Atmos® encoded content/audios. <sup>21</sup>External monitor support requires compatible displays, cables, and accessories. See [Surface tested peripherals page](#) for compatibility information. <sup>26</sup>6GHz band not available in all regions.

# Surface Laptop Ultra for Business

15-inch (NVIDIA)

**SOFTWARE**

- Windows 11 Pro
- Preloaded Microsoft 365 Apps<sup>33</sup>
- Microsoft 365 Business Standard, Microsoft 365 Business Premium, or Microsoft 365 Apps 30-day trial<sup>34</sup>

**ACCESSIBILITY**

- Surface precision haptic touchpad with adaptive touch mode
- Compatible with Surface Adaptive Kit and Microsoft adaptive accessories<sup>36</sup>
- Includes Windows Accessibility Features – [Learn more](#)
- [Discover more Microsoft Accessible Devices & Products](#)

**SUSTAINABILITY**

Designed with Sustainability in mind  
**More recycled materials**

- 66% recycled content in the enclosure, including 100% recycled aluminum alloy and 100% recycled rare earth metals<sup>37</sup>
- 100% recycled cobalt in battery<sup>38</sup>
- 100% recycled tin in solder<sup>39</sup>
- 100% recycled gold in the motherboard<sup>39</sup>
- 100% recycled copper in the motherboard<sup>39</sup>

**Thoughtful packaging**

- 87% recycled content in wood-based fiber packaging<sup>46</sup>
- 50% of our virgin paper sourced comes from responsibly managed forests<sup>47</sup>

**Energy efficient**

ENERGY STAR® certified

**Repairability**

Clear visual icons and built-in access to repair instructions<sup>41</sup>

**Surface Trade-in**

We make trade-in convenient and secure for our commercial customers in the USA at [Microsoft Trade In Program](#).

Microsoft is committed to be carbon negative, water positive, and achieve zero waste by 2030. Learn more about how we design with sustainability in mind at [Microsoft Surface Sustainability](#).

**SERVICEABILITY**

Replacement components include:<sup>41</sup>

- Display assembly (including camera)
- Keyboard assembly
- Touchpad
- Removable solid-state drive
- Battery
- Motherboard (including main processor and main memory)
- Fan
- Speakers
- Enclosure (bucket)
- Audio jack
- USB Mag-C port
- USB-C ports
- USB-A port
- Feet
- Screw kit
- Device Entry Kit

**EXTERIOR**

- Casing: Anodized aluminum
- Colors: Platinum and Nightfall<sup>42</sup>

**SENSORS**

- Ambient color sensor
- Accelerometer
- Gyroscope

**WHAT'S IN THE BOX**

- Surface Laptop Ultra
- Quick Start Guide
- Safety and warranty documents

**KEYBOARD LAYOUT**

- Activation: Moving (mechanical) keys
- Layout: QWERTY, full row of function keys (F1 – F12)
- Windows key and dedicated buttons for media controls, screen brightness
- Automatic keyboard backlight
- Copilot key<sup>43</sup>
- Precision haptic touchpad

**WARRANTY<sup>44</sup>**

- 1-year limited hardware warranty

**ENERGY USAGE [JAPAN]**

**Surface Laptop Ultra**

Surface Laptop Ultra 構成 : 12 区分 24.31 kWh/年(AAA)

**RADIO FREQUENCY [FRANCE]<sup>i</sup>**

Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 0.129W/kg pour le tronc et de 0.129W/kg pour les membres.

<sup>33</sup>Sold separately. Software license required for some features. <sup>34</sup>Activation required. If your device is managed by your organization's IT department, contact your IT administrator for activation. After 30 days, you will be charged the applicable monthly or annual subscription fee. Credit card required. Cancel any time to stop future charges. See <https://aka.ms/m365businesstrialinfo>. <sup>36</sup>Sold separately. <sup>37</sup>Enclosure includes A Cover, C bucket, D Cover. 100% recycled aluminum alloy in bucket. 100% recycled rare earth metals in magnets. Based on validation performed by Underwriter Laboratories, Inc. using Environmental Claim Validation Procedure (ECVP) for Recycled Content, UL ECVP 2809-2, Second Edition, dated June 20, 2024. <sup>38</sup>Device (excluding power supply unit) contains 4.2% recycled cobalt, consisting of 100% recycled cobalt in battery cell. Based on validation performed by Underwriter Laboratories, Inc. using Environmental Claim Validation Procedure (ECVP) for Recycled Content, UL ECVP 2809-2, Second Edition, dated June 20, 2024. <sup>39</sup>Device (excluding power supply) contains 3.4% recycled content, consisting of 90% recycled stainless in Keyboard Bracket, 100% recycled rare earth metals in magnets, 100% recycled tin in solder, 100% recycled copper and 100% recycled gold in the motherboard. Based on validation performed by Underwriter Laboratories, Inc. using Environmental Claim Validation Procedure (ECVP) for Recycled Content, UL ECVP 2809-2, Second Edition, dated June 20, 2024. <sup>41</sup>Replacement components available through Surface Commercial authorized device resellers. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Microsoft tools (sold separately) may also be required. Availability of replacement components and service options may vary by product, market and over time. See [Surface service options - Surface | Microsoft Learn](#). Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Unless required by law, device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. <sup>42</sup>Colors available on selected models only. Available colors, sizes, finishes, and processors may vary by store, market, and configuration. <sup>43</sup>Copilot key feature availability varies by market, see [key support](#). <sup>44</sup>Microsoft's Limited Warranty is in addition to your consumer law rights. <sup>46</sup>Recycled content calculation based on IEEE Std 1680.1-2018. IEEE Standard for Environmental and Social Responsibility Assessment of Computers and Displays. 4.7.3.1 Required—Recycled content in wood-based fiber packaging. <sup>47</sup>Based on FSC Certification <sup>i</sup>Le débit d'absorption spécifique (DAS) local quantifie l'exposition de l'utilisateur aux ondes électromagnétiques de l'équipement concerné. Le DAS maximal autorisé est de 2 W/kg pour la tête et le tronc et de 4 W/kg pour les membres. Consultez [cette page](#) pour en savoir plus.
